ANNUAL TOPICAL INDEX - 1990

Artificial intelligence, expert systems

Using Spreadsheet Metaphor to Visualize Neural Network Behavior 81
Using Decision-Aiding Software for Teaching in All Fields of Knowledge 171
Microcomputer Based Decision Support Systems Applied to Human Resource Management 183

Biology

HyperCard-Based Teaching: Preliminary Experiences and Research in Anatomy and Physiology Courses 287

Business, economics, management

Computers in the MBA Curriculum: A Growing Role for Micros 125
Microcomputer Based Decision Support Systems Applied to Human Resource Management 183
Integrating Microcomputers Into the Agricultural Economics Curriculum 220
The Effects of Microcomputer Use and Student Learning in Cost Accounting 301

Computer-Assisted Instruction

Program Instrumentation: A Technique for Evaluating Educational Software 34
Using Integrated Induction System to Detect Student Misconceptions in Computer-Based Tutoring Systems 161
Using Decision-Aiding Software for Teaching in All Fields of Knowledge 171
A Microcomputer Based System for Testing End-User Responses to Visual Context in Computer Graphics 190
Authoring Tools Facilitate Lesson Development for Different Microcomputers 225

Computer Milieux

Report on the Bradley University Residential Computing Project 129

Computer Milieux (continued)

Intelligent Tools for Electronic Networks: A Message Assistant 141
Changes in the Computer Background of Incoming Freshman 147
Disability is a Myth: Technology Equals Liberation for Even the Most Most Profoundly Impaired 155
A Microcomputer Based System for Testing End-User Responses to Visual Context in Computer Graphics 190
The Role of the Computer in Developing Scientific and Technological Literacy 195
Data Bases and Other Computer Tools in the Humanities 248
Computers, Classroom Instruction, and the Computerphobic University Student 275
Some Observations on Student Use of a Microcomputer Centre 313
Providing In-Service for Your Faculty Colleagues Don't Take No for an Answer 327

Computer science

Solving Recursive Problems with Lotus Macros 93
Representation of Large Sets on a Microcomputer Using Turbo Pascal 101
The "Contours" of Recursion: Utilization of the Contour Model for Tracing Recursive Algorithms 109
Structure for Creating Quality Software 201
Logic Programming of Microcomputers in a Liberal Arts College Environment 219

Databases

Data Bases and Other Computer Tools in the Humanities 248

Representation of Large Sets on a Microcomputer Using Turbo Pascal 101
The "Contours" of Recursion: Utilization of the Contour Model for Tracing Recursive Algorithms 109
Structure for Creating Quality Software 201
Logic Programming of Microcomputers in a Liberal Arts College Environment 219

Databases

Data Bases and Other Computer Tools in the Humanities 248

Engineering

Computer Aided Teaching of Digital Signal Processing 19
Electric Circuit Theory - Computer Illustrated Text 29

Gaming

Using Gaming Approach to Maximize Student Participation in CBE 293

Hardware Issues

Using Intraural Microphone Interface for Improved Speech Recognition 231

History

RUSSREV - Retrospect After Four Years of Classroom Use 269

Mathematics Teaching and Learning

Using Computer Illustrated Texts (CITs) to Teach Numerical Analysis 1
Teaching Number Theory with a Microcomputer 14
Using the Microcomputer to Enhance Calculus Teaching 47
Determining Roots of Complex Functions with Computer Graphics 51
Exploring Conic Sections with a Computer Algebra System 215

Miscellaneous

Here and About There: A Column 8
Data Bases and Other Computer Tools in the Humanities 248
Piranha-Ware User-Hostile Computer Products - More 305
Annual Topical Index – 1990 334

Networks

A Low Cost General Psychology Communication Network 138
Intelligent Tools for Electronic Networks: A Message Assistant 141
Using E-Mail Across Networks 210

Psychology

A Low Cost General Psychology Communication Network 138

Simulation, modeling

Illustration of Regression Results Using Simulation and Graphical Presentation 241
RUSSREV - Retrospect After Four Years of Classroom Use 269

Software - reviews

Notebook II Plus - Freeform Text Database and Bibliography Program 284

Spreadsheet software

Using a Spreadsheet Metaphor to Visualize Neural Network Behavior 81
Solving Recursive Problems with Lotus Macros 93

Statistics

Computer Illustrated Texts in Statistics 9
Two-Stage Exercise on the Binomial Distribution Using Minitab 55
Course in Statistical Computing Using Computer Packages: What Kind and For Whom? 60
Comparison of Minitab and SPSS/PC+ Student Versions 116
Illustration of Regression Results Using Simulation and Graphical Presentation 241

Writing

Developing Effective Pedagogy for Computer-Enhanced Writing Instruction 329
